

REQUEST FOR PROPOSAL 23-002
FORENSIC INTERVIEW EQUIPMENT PROJECT

ADDENDUM #2
November 15, 2023

Please note the **clarification** and/or additional information for the solicitation referenced above.

Questions/Answers:

Question: Question on where the power supply is located for the equipment in the Forensic Interview Rooms.

Answer: The camera/equipment is currently plugged in to a wall outlet. There are no electrical plugs in the ceiling or on top of the hard lid. All cameras/equipment need to be installed where the power supply is not showing.

Question: For the Therapy Room, once the camera is set, it will not be moved or changed?

Answer: Yes, the camera will be stationary but will have the capability to be adjusted by the system settings. The camera will be focused on the Therapist and not the client.
